

625H Introduction to Family Practice
This rotation is not accepting international students
Students must obtain permission from the course coordinator who will obtain faculty approval based on availability prior to enrollment in this course

This course is available to 4th year students only

Course Description: The student will receive exposure to general family medicine clinical training by working with UC Irvine family medicine residents and faculty. One week of the rotation can be spent (but is not required) on the inpatient family medicine service at UC Irvine Medical Center. The inpatient week requires approval in advance by the supervising faculty. The rest of the elective will be ambulatory family medicine based at the Family Health Center in Santa Ana, including procedures, behavioral science, and urgent care. The student will also have the opportunity to participate in family medicine educational activities occurring at the Family Health Center. Knowledge of Spanish is helpful.

Department: Family Medicine

Prerequisites: UC Irvine students must have successfully completed their basic science curriculum and their 3rd Year Clerkships. Extramural students must be in their final year of undergraduate medical education.

Restrictions: Students must obtain approval from elective director prior to enrollment. This course does not accept international students.

Elective Director: Kathryn Larsen M.D., UC Irvine Medical Center, Department of Family Medicine, Building 200, Room 835, Orange, CA 92868, (714) 456-5171, kmlarsen@uci.edu

- Sensitive and aware of diverse cultures, health beliefs and social factors impacting patient health and illness (Ciii)
- Committed to seek knowledge and skills to better serve the needs of the underserved in their communities (Civ)
- Respectful of all colleagues and team members (Cv)

Key Topics:

- Hypertension
- Diabetes mellitus
- Dyslipidemia
- Obesity
- Musculoskeletal problems and sports medicine
- Women's Health
- Infectious diseases
- Depression
- Anxiety
- Adult health maintenance
- Well child exams
- Common skin disorders

Competencies:

- Diagnosis and management of topics mentioned above

Attitudes and Commitment:

- Professionalism
- Strong work ethic
- Patient advocacy and education
- Self-directed learning
- Sensitivity and awareness of diversity in patient population
- Commitment to family medicine principles of continuity
- Comprehensive and holistic medical care
- Commitment to working with the underserved and using appropriate community resources

Educational Activities: The student will be assigned each day to a 2nd or 3rd year Family Medicine resident. The student will have the opportunity to work in a large variety of clinics which includes:

- continuity care
- urgent care/same day
- lumps and bumps
- dermatology clinic
- post hospital follow up
- mental health
- Renal

What Students Should Do to Prepare for the Rotation: Learn medical Spanish if not already proficient; review key topics mentioned above.

Clinical Responsibilities of the Student: The student will be paired with a resident each half day that he/she is in clinic, and is to consult with the resident after seeing each patient, and before presenting the case to the attending physician. The student will observe and/or perform minor office procedures along with the resident and/or attending physician.

Patient Care Responsibilities: Same as above

Call Schedule of the Student: If the student is scheduled to be on the inpatient service as part of the elective he/she will take the call as determined by the senior resident on the service.

Procedures Students will Learn: Minor office procedures such as:

- excision and biopsies of lumps and bumps
- colposcopy and cervical biopsies
- endometrial biopsies
- IUD insertions and removals

Percentage of Time in Ambulatory Setting: 100%, though students doing a 4 week rotation will be given the option to do one week of inpatient medicine on the Family Medicine ward

Conference/Lecture/Small Group Sessions: Various topics presented at Thursday noon conference such as CHF, diabetic medications, integrative medicine, etc. The student will need to prepare a 15 minute didactic to be presented at the conference.

Course Hours Weekly Summary:

36.0	Clinic
4.0	Lecture
2.0	Review
3.0	Other: reading, writing, journaling
45.0	Total

Content Theme Integration :

- Behavioral Science
- Communication Skills
- Community Health
- Decision Making
- Diversity
- Epidemiology
- Ethics
- Evidence Based Medicine
- Family Violence/Abuse
- Geriatrics
- Health Care Systems
- Home Health Care
- Medical Socio-economics
- Multicultural Medicine
- Nutrition
- Pain Management
- Patient-Health Education
- Population-based Medicine
- Practice Management
- Preventive & Health Maintenance
- Substance Abuse
- Women's Health

Recommended Reading:

- Robert Taylor's Family Medicine
- Gorol's Primary Care Medicine

Official Grading Policy: The student will receive a grade of Honors, Pass or Fail. The student's final grade will be submitted on the standard UC Irvine elective form. The student will be evaluated by attendings and residents based upon attendance, knowledge base, clinical skills, technical skills, motivation, professionalism and humanistic qualities. The student will receive feedback from their Preceptor on an on-going basis. If the student fails the elective a grade of "F" will be permanently recorded on his/her transcript. The student can repeat the course for a second grade; however, the "F" will not be removed from the transcript.
